About Us

RF Microtech Electronics (RFME) was founded by Dhara Gadhvi in 2017 with the aim of realizing the perception of its customers and channelizing them to reality. Her hands on experience since 2006 in RF and Microwave lead to the establishment of RF Microtech Electronics. RFME is in to development of various RF and microwave products encompassing a wide variety of applications around the world. We stand as among the global leaders in OEM for RF and microwave measuring instruments in India.

VISION

At RFME, we strive to be a trusted partner and leader in electronic manufacturing services. Our goal is to become your preferred provider for electrical manufacturing services by consistently delivering high-quality products and achieving 100% customer satisfaction. We are committed to meeting current demands and anticipating future trends to ensure we always exceed your expectations.

MISSION

"Our mission at RF Microtech Electronics is to provide innovative and reliable solutions in RF and microwave technologies, to enhance communication, connectivity, and efficiency in various industries. We strive to achieve this by continuously investing in research and development, fostering a culture of excellence, and building strong partnerships with our customers to deliver superior products and services that meet their evolving needs."

WHY CHOOSE US

Wide range of RF products under one Roof

Portable (Handheld devices) RF solutions

In -House Lab Testing ,Calibration & Validation

Technical Excellence

Customization of Projects

Our Offered Services

RF & Microwave Engineering Services

**Architecture, Design ,Quick Prototyping
& Testing**

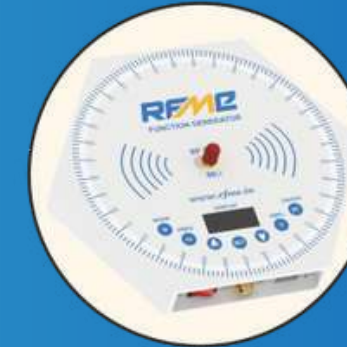

Mechanical CAD Engineering Services

Electronic CAD Engineering Services

RF Testing & Laboratory Services

OUR KEY PRODUCTS

Function Generators / DDS

Attenuators

Splitters / Combiners

Pre Amplifiers

Directional Couplers

Power Detectors

RF Mixers

RF Filters

RF Switches

Broad Band Signal Sources

RF Antennas
